

Senior Exhibition
Writing from Notes

Monday, December 10

****Please bring all your notes to class.****

1. Spread your note-cards on the desk so you can see the scope of your research.
2. Group your note-cards into topic piles.
3. Choose one topic pile that seems to answer your EQ or that makes a statement or proves a point about your topic.
4. Write for 30-40 minutes, incorporating your notes—aim for 3 paragraphs. Use parenthetical citation where needed.

Do not worry about an intro paragraph or a conclusion. You should end up with a few paragraphs that could fit into your paper.
